Solution for each application

**360° DEGREES COVERAGE:** Specially designed to provide exceptional 360° coverage, avoiding shadows appearance around the mini lightbar.

**REDUCED DIMENSIONS AND WEIGHT:** Small MPL300 Series lightbar dimension allows to locate at several critical points around the vehicle, taking no space on it.

**LOW PROFILE:** Increased security and better vehicle grip on the road thanks to its low drag. Furthermore, there are fuel savings due to the minimum aerodynamic resistance of the vehicle.

**EASY INSTALATION AND VERSATILITY:** Permanent version allows an easy installation in the vehicle thanks to its single point mounting. Besides, magnetic version allows temporality signalize any vehicle.

**APPROVALS:** MPL300 Series is approved according to European normative R65 and to European Directive of Electromagnetic Compatibility R10.

## 2 MOUNTING OPTIONS

### MAGNETIC

### PERMANENT

### TECHNICAL SPECIFICATIONS

Voltage:	12/24V
LEDs number:	20
LEDs power:	3W
LEDs colour:	Amber
Lenses colour:	Amber or clear
Dimensions:	297x175x53
Permanent mounting weight:	1.035 gr
Magnetic mounting weight:	1.430 gr
N° flash patterns:	10
Consumption:	1.4A (12V)/0.7A(24V)

MPL300 dimensions in mm.

### HOW TO ORDER:

<u>MPL300</u>	
2010764A	MPL300 Series lightbar, 297mm, amber LEDs, amber lens, magnetic mounting, cigarette plug, 12/24V, R65 class 1 approval.
2010761A	MPL300 Series lightbar, 297mm, amber LEDs, clear lens, magnetic mounting, cigarette plug, 12/24V, R65 class 1 approval.
2010767A	MPL300 Series lightbar, 297mm, amber LEDs, amber lens, permanent mounting, 12/24V, R65 class 1 approval.
2010768A	MPL300 Series lightbar, 297mm, amber LEDs, clear lens, permanent mounting, 12/24V, R65 class 1 approval.
